Come join the team that's changing the face of public health. We are improving the health of Georgia one community at a time. District 2 Public Health (D2PH) serves 13 counties in northeast Georgia, including Banks, Dawson, Forsyth, Franklin, Habersham, Hall, Hart, Lumpkin, Rabun, Stephens, Towns, Union, and White counties. One of the fastest growing regions in the state, District 2 includes rural and urban communities with diverse public health challenges. At D2PH, we are focused on understanding community health challenges and developing smart solutions that allow us to make an impact in our community. We are a team of intelligent and committed individuals who are passionate about public health and serving northeast Georgia. If you want to make a difference in public health, you should join our team.

In addition to a competitive salary, we offer numerous paid training opportunities; flexible schedules; student loan forgiveness; and a generous benefits package that includes an employee retirement plan; deferred compensation; 12 paid holidays; 15 paid vacation and 15 paid sick leave days per year; and dental, vision, long-term care, and life insurance.

JOB RESPONSIBILITIES:

This position will serve as the District TB Coordinator, responsible for providing guidance on clinical services to nursing staff in all health departments; providing direct care for TB patients as needed; providing community/population based services including outreach, home visitation, and off-site clinics when needed; Ensuring all program deliverables are met in a timely manner; providing TB education to individuals, families and communities as needed; and training District staff to provide TB care in county health departments. Under broad supervision, provides professional nursing care in accordance with nurse protocols, policies and/or procedures. Focuses on the prevention of illness, injury, or disability, the promotion of health and maintenance of the health of populations. Cares for population with special needs during disasters/emergencies and biological and chemical protocols.

MINIMUM QUALIFICATIONS:

Bachelor's degree in Nursing from an accredited college or university AND One year of PHN experience AND Current Georgia license to practice as a Registered Professional Nurse AND CPR certification OR Associate's degree/diploma in Nursing from an accredited college AND Two years of RN experience AND Completion of a PHN course within one year of hire AND Current Georgia Registered Professional Nurse license AND CPR certification.
