EPI SUMMARY: Data sources were Georgia DPH and SendSS. Cases include all confirmed and probable cases. Population data source was OASIS, 2022. Time frame as of 11/06/2020 to 2/15/2024. Vaccines introduced 12/19/2020—decline noted in cases after vaccine implementation. Vaccine data includes number of vaccines administered in each county in District 2 and vaccines administered per 100,000 (of the total county population). Vaccine data also shows number of one dose received and percentage of residents as well as 2 doses received, and percentage of residents vaccinated.

*Graph above shows weekly changes in COVID cases. The case rate reported in the graph is approximately half of the 14-day case rate.

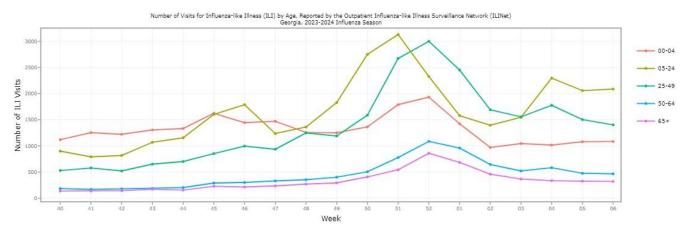

Georgia Flu Surveillance Update: Week 6 (Ending February 10, 2024)

As of Week 6, Georgia flu activity was High=10 (on the scale of 1-13). Activity levels are based on the percent of outpatient visits in Georgia due to Influenza-like illness during this timeframe.

For the corresponding week, the percentage of outpatient visits for Influenza-like Illness was 6.1% (which is above the regional baseline of 3.3%), the number of influenza-associated death was 0 (34 total for the current ILI season); the number of Metro Area Influenza Hospitalizations was 94 (3,675 total for current Flu season); and the number of Influenza Outbreaks was 1 (150 total for current Flu season).

Map shows Influenza-like cases in US southern region. Georgia activity indicator is at level 10 (High) on week 6 as shown in red color.

For week 6, the graph shows a slight decrease in the number of cases for age group 25-49 and age groups 00-04, 05-24, 50-64 and 65+ remained stable compared to the previous week.

Getting the flu shot is the best thing you can do to protect yourself and others.

District 2 health departments have flu vaccines available. Please contact your local health department for information on how to get your Flu vaccine at http://phdistrict2.org/?page_id=597.

To learn more about how to protect yourself against flu, visit DPH website at https://dph.georgia.gov/epidemiology/influenza/seasonal-flu-influenza and CDC website at https://www.cdc.gov/flu/
